Known Issues and Suggested Solution

Note: This release has no known issues that have a viable solution or workaround

Issues Resolved

No.	Description
1	A blank placeholder was getting displayed in the content cards of the Mobile application
2	Book creators were unable to update URL link via .csv upload
3	The Previous and Next icons were not rendering correct navigation when viewing courses
4	When the score for an assessment was more than 99, the final score was displayed incorrectly
5	The same total and earned scores were getting displayed in the mobile app when the user consumed any assessment partially
6	The error message was not getting displayed when the special characters were entered in the name field
